

## MCT #2 a Non-Organic MCT

This list is a work in progress. Please add your own ideas!:

- battery (cell) technology - difficult
- solar photovoltaic cell - difficult (semi-conductor)
- crude oil distillation plus more
- plastics - difficult (where do you start)
- nuclear fission
- power generation through fission
- solar fusion
- MRI technology
- CAT scan technology
- alloys of steel or any alloy
- radiometric dating
- carbon dating
- allotropes of carbon (could chose any one of)
- pollution ideas
- acid rain
- semiconductor technology
- diode how it works
- tranistor how it works
- ozone
- bone scan
- PET scan
