Hello All:

Please check in and then return to this email:

I hope you had a good weekend. The goal for today are fairly easy. Please go through this email. What you need to "hand in" today are to answers 8 questions. The questions are from the link shown below. I have copied out the questions here.

1. Which cereal has the most ingredients?
2. Which cereal do you think is healthier? Why?
3. Have you tried either cereal before?
4. Do you think this statement is true? Why or why not?
5. Think about the most recent food you ate. Did you check its nutrition facts label?
6. Do you know which ingredients it contained?
7. How will this food help your body's growth and development?
8. If you really are what you eat, are you satisfied with your most recent food choice?

You can answer these questions directly with an email, using some other method of sending me a document (i.e. shared word document), or hand written and sent via picture or pdf (please make sure the quality is good enough).

All of these questions can be found on the link I am about to provide. When you have worked through to the end of the last question, you are done for the day. In other words when you get to the action symbol followed by the "The Digestive System", you have gone far enough. We will continue this tomorrow.

Have a good day.
