Hello All:

Happy earth day!

PLEASE CHECK IN BEFORE YOU GO ON: <https://forms.office.com/Pages/ResponsePage.aspx?id=GAmPRLReCU2WCd35yhGvQuASPjs6aYVfK-EAh60FvohURFZPVDNHWIJPUTFVTVFSVzQ0Q1ZLMkpSOSQIQCN0PWcu>

I very much appreciate you doing this. This is the best way for me to know if you are receiving and able to work on science.

Today's work can be found here: https://lah.elearningontario.ca/CMS/public/exported_courses/SNC2P/exported/SNC2PU01/SNC2PU01/SNC2PU01A03/_content.html

Please go as far as these questions. This makes for a short day. Please answer the following and return to me. PLEASE USE FULL ANSWER SENTENCES!

1. What kinds of food were shown to cause stomach upset?
2. Are these foods healthy? Why or why not?
3. What is the purpose of these commercials?
4. Based on your prior knowledge and by looking at the word and/or what you viewed in the commercials, how would you define an antacid?
5. Have you used an antacid before? Did it help you feel better?

You could use some time today to get caught up on anything that you have missed. Please go to <http://www.schlenkerchem.org/> Click on SNC 2P and then notice the rather large link at the top. This goes to a calendar of all emails that I have sent you. The links in these emails are no longer active. You will need to copy and paste these into your browser if you need to use them. Tomorrow will be a longer day. You could work ahead on anything below the questions.

Have a good day!

Mr. Schlenker
