Hello All:

Please Check In: <https://forms.office.com/Pages/ResponsePage.aspx?id=GAmprLReCU2WCd35yhGvQuASPjs6aYVfK-EAh60FvohURjQyMIJDTEszUkl0RUZKUIZHNTBJT1U1WiQIQCN0PWcu>

Today I would like you to draw out and send me three diagrams. The diagrams are all Bohr Models. I suppose you could look the answer up, draw it out and then send.

Diagram #1 - a neutral helium atom (will require one circle plus a nucleus)

Diagram #2 - a neutral oxygen atom (will require two circles plus a nucleus)

Diagram #3 - a neutral phosphorus atom (will require three circles plus a nucleus)

Please take a picture of your diagrams with your phone and share via the email that I am using. fred\_schlenker@bwdsb.on.ca

You may need to review from yesterday and revisit the video: Here is the link in case you want easy access: <https://www.youtube.com/watch?v=GAgMUqFgmXg&feature=youtu.be>

Have a good day:

Mr. Schlenker
